The evening will include a cocktail social, amazing auction items, entertainment, and the opportunity to support Mari's Place for the Arts. This is our largest fundraiser to date, providing vital support to the programs and services for the children that we offer to our community.

At Mari's Place for the Arts, we believe that ALL children and teens deserve a place to harness the power of their unique creativity. We provide a variety of fine arts and performing arts classes—each designed to draw out the young artist's natural curiosity and encourage them to explore, share, and collaborate with others.
